Dear Sirs,

Being a professional in the industry, I just wanted to say the settlement with Microsoft is just what I expected from our Federal Government, a complete sell out! Who Got bought?

You have wasted years of our time, and millions of our tax dollars, to accomplish what? NOTHING!

You are just letting them go, basically...anything short of a breakup and total disassembly of the monopoly they hold on the industry is a sell out that will cost the American people ten fold for years to come. Way to go feds!

THANKS FOR NOTHING!
